CONNECTIVITY BY PURPOSE

Muhammad Syukri Salleh

CERITA JHO LOW

Dari kecil telah melaksanakan connectivity by purpose/design:

- ❑ Di Pulau Pinang: Bapanya masuk Swiss Mansion & Jho Low joined Penang Club
- ❑ Di UK: Jho Low dihantar belajar di Harrow, jadi member Newslands dan membina persahabatan dengan anak-anak bangsawan dan orang kaya, sehingga digelar Prince of Malaysia; beli rumah di South Kensington (Kensington Green) dan berkawan dengan Riza Aziz.
- ❑ Di USA: Masuk University of Pennsylvania – mencari kawan-kawan kaya melalui direktori dan membuat parti mewah.

CONNECTIVITY WITHOUT PURPOSE

- ❑ Usaha membina ISDEV bermula jauh lebih awal dari pembinaan ISDEV
- ❑ Allah dorong membina *connectivity* terlebih dahulu
- ❑ Di Kuala Lumpur (UKM, UM, UIAM, etc)– Dr Abdullah Ibrahim, Dr Rashid Dail, Dr Sobri Salamon, Prof Syed Othman al-Habshi, Tan Sri Prof Muhammad Kamal Hassan, etc.
- ❑ Di luar negara: Prof Masudul Alam Choudhury, Dr Ahsan, Muhammad Akram Khan → Dr Norarfan, YDM Pehin Abdul Rahman, Hj Rafee, etc

CONNECTIVITY WITH PURPOSE

- ❑ Connectivity ini ternyata kemudiannya sangat menguntungkan dalam pembinaan ISDEV – Personal relation

- ❑ Rumusan: Maksimalkan sahabat, minimalkan musuh.

OPPORTUNITIES OF CONNECTIVITY

- ❑ Via research eg Dr Ahmad Azrin's communication with Icek Ajzen (the pioneer of Theory of Planned Behaviour), etc

- ❑ Via academic activities
- ❑ Via social activities
- ❑ Via purposive endeavour

OPPORTUNITIES OF CONNECTIVITY

Susahkah
membina
connectivity?

- ❖ Susah jika fikirkan ragu-ragu
- ❖ Senang jika fikirkan boleh

FIKIRKAN BOLEH

Jika kau fikirkan kau boleh
Kau hampir boleh melakukan
Jika kau fikirkan ragu-ragu
Usahamu tidak menentu

...

Jika kau fikirkan kekalahan
Kau hampir ke kegagalan
Jika kau fikirkan kemenangan
Kau hampir kejayaan

...

Engkaulah apa kau fikirkan
Terkandung dalam pemikiran
Kau fikir boleh melakukan

If you think you could get
You almost can do
If you think of doubt
Your endeavour would be in volatile

...

If you think a loss
You are almost a failure
If you think of victory
You approach the success

...

Take what you think
Contained in the thought
You think you can do

FIKIRKAN BOLEH

- We can do it, InshaAllah.
- Islamic sympathisers are increasing, (eg following Christchurch Mosque incident).
- Should take the opportunity.

This was the moment when I felt so proud to exist as a human being.
Let me inform you all guys, Muslims are not terrorists and terrorism has no religion. All those who consider Muslims a terrorist community, have empty heads like Anning.
